INDEX OF AUTHORS

	Page
Adams, S. T.	
Spontaneous collapse of senile retinoschisis	240
Basu, P. K. with Hurwitz, J. J.	
Platelet studies in the corneal xenograft	205
Begg, Iain S. with Goldman, Harvey	
The development of a technique for the densinometric analysis of fluorescein angiograms	63
Begg, Iain S. with Goldman, Harvey and Drance, Stephen M.	
Fluorescein angiography in the evaluation of focal circulatory ischaemia of the optic nervehead in relation to the arcuate scotoma in glaucoma	68
Bérard, Pierre	
Le port permanent des prismes dans le traitement des strabismes concomitants	111
Bérard, Pierre avec Reydy, R.	
L'angle résiduel post-opératoire dans le strabisme concomitant	314
Bihler, I. with Elbrink, J.	
Membrane transport of sugars in the rat lens	96
Boyd, T. A. S. with Lauber, J. K. and Frankelson, E. N.	
Influence of Diamox (acetazolamide) on aqueous flow	341
Brais, P. with Drance, Stephen M., Fairclough, M. and Bryett, J.	
A screening method for temporal visual defects in chronic simple glaucoma	428
Brunette, Jean-Réal	
Oscillatory potentials relationships using computer averaging techniques	223
Brunette, Jean-Réal	
Some fundamentals concerning clinical electroretinography	352
Brunette, Jean-Réal avec Gaudreault, Gilles et Gareau, Jacques	
Effets du diazepam sur le muscle ciliaire	358
Bryant, J. with Lakowski, R. and Drance, Stephen, M.	
A study of colour vision in ocular hypertensives	86

INDEX OF SUBJECTS

	Page
Acetazolamide — see Glaucoma	
After image scotometry in macular examination	141
Alpha crystallin subunits in the bovine lens	218
Angiograms, fluorescein, development of a technique for the densitometric analysis of	63
Angiography, fluorescein — in x-chromosomal maculopathy with retinoschisis (juvenile hereditary retinoschisis)	19
in the evaluation of focal circulatory ischaemia of the optic nervehead in relation to the arcuate scotoma in glaucoma	68
in senile disciform degeneration — a study of the other eye	280
Anterior chamber of rabbit eyes, effect of surgical glove powder in	430
Applanation tonography: a theoretical and clinical assessment	29
Aqueous flow, influence of Diamox (acetazolamide) on	341
Arcuate scotoma, in glaucoma, fluorescein angiography in the evaluation of focal circulatory ischaemia of the optic nervehead in relation to	68
Aspheric optics of the human lens	168
Bacterial infections: Part I of The practical management of ocular infections	3
Blindness after burns	243
Blood pressure and intraocular pressure	230
Burns, Dr. J. Lloyd	2 and 393
Burns, blindness after	243
Candida albicans abscess of the retina	132
Candida endophthalmitis, endogenous	126

	515

Cataract, incomplete congenital	56
Ciliaire, le muscle — effets du diazepam sur	358
Cockayne's syndrome, ocular and genetic features of	435
Colour vision in the legally blind	302
in ocular hypertensives	86
Conjonctivite folliculaire et cryothérapie	329
Cornea — the enzymology of	176
Five year maintenance of corneal graft normality in systemic mucopolysaccharidosis	445
Corneal — immunologic reaction, the afferent arc of — Local response to bovine gamma globulin	336
mucopolysaccharidosis — Light and electron microscopic study of an atypical case after keratoplasty	271
transplants, a silicone cup for cutting	366
wound healing, effects of subconjunctival corticosteroids on	42
wound healing, time response effects of corticosteroids on	48
xenograft, platelet studies in	205
xenograft reactions, effects of subconjunctival corticosteroids on	42
xenograft reactions, time response effects of corticosteroids on	52
Cryothérapie et conjonctivite folliculaire	329
Corticosteroids — subconjunctival, effects on corneal xenograft reactions and on corneal wound healing	42
time response effects on corneal wound healing	48
time response effects on corneal xenograft reactions	52
CNIB News	102
Dementia and Parkinsonism with progressive external ophthalmoplegia — treatment with L-dopa	368
Densinometric analysis of fluorescein angiograms, the development of a technique ..	63

	Page
Diamox (acetazolomide) — see Glaucoma	
Diazepam, effets sur le muscle ciliaire	358
Disciform degeneration of the macula, senile: the other eye — a fluorescein angiographic study	280
Dysthyroid restriction syndromes, surgical treatment of	405
Electrocoagulation, intravitreal, of retinal vessels	268
Electroretinogram — frequency analysis of the human dark adapted	189
power analysis of the human	454
Electroretinography, clinical, some fundamentals concerning	352
Endophthalmitis, endogenous Candida	126
Enzymology of the cornea	176
Exfoliation, senile, inclusions in human lens capsule and their relationship to	413
Exophthalmos — surgical treatment of dysthyroid restriction syndromes	405
Fluorescein — see Angiograms	
Frequency analysis of the human dark adapted electroretinogram	189
Gas injection in the rabbit vitreous	349
Glaucoma — Applanation tonography: a theoretical and clinical assessment	29
chronic simple, a screening method for temporal visual defects in	428
chronic simple, the use of photogrammetry in evaluating the cup of the optic nervehead in	466
colour vision in ocular hypertensives	86
Diamox (acetazolomide), influence on aqueous flow	341
diazepam, effets sur le muscle ciliaire	358
fluorescein angiography in the evaluation of focal circulatory ischaemia of the optic nervehead in relation to the arcuate scotoma	68
open angle; an epidemiologist's view	75

Glove powder, surgical, effect in the anterior chamber of rabbit eyes	430
Hypoglycaemia, ketotic, eye findings in children	151
Infections, ocular — The practical management of,	
Part I: Bacterial infections	3
Part II: Viral infections	13
Intraocular foreign bodies — B-scan ultrasonographic diagnosis of ocular and orbital disease	257
Serious eye injuries caused by — need they be disabling?	291
Intraocular pressure and blood pressure	230
Iridocyclectomy with lamellar scleral resection	297
Ischaemia, focal circulatory, of the optic nervehead in relation to the arcuate scotoma in glaucoma — fluorescein angiography in	68
Keratitis, pseudomonas, effect of rifampicin on	309
Keratoplasty — see Cornea	
L-dopa — treatment of Parkinsonism associated with progressive external ophthalmoplegia and dementia	368
Lens — bovine, alpha crystallin subunits in	218
human, aspheric optics of	168
human, inclusions in capsule and their relationship to senile exfoliation	413
proteins, insoluble	80
Lighthouse to	2
rat, membrane transport of sugars in	96
Macula — see Retina	
Melanoma — Iridocyclectomy with lamellar scleral resection	297
Microscopy — Corneal mucopolysaccharidosis — Light and electron microscopic study of an atypical case after keratoplasty	271
